Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant repeated the arguments set forth in the response of paper number 20 that while applicant's range is encompassed by Fukata it is sufficiently narrow such that Fukata never had possession of applicant's claimed range. The examiner explained that applicant would have to show criticality for the claimed narrower range in a declaration. The examiner suggested providing a showing of unexpected results obtained from the use of said narrower range.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
